Once upon a time there was a talking frog named Strawberry-Chan. Strawberry-chan loved ♥ his boy, Akiyoshi very much, but Akiyoshi liked nothing more than to use a straw to blow Strawberry-chan up like a balloon, much to the frog's chagrin. Akiyoshi's friends all feel very differently about Strawberry-chan. Some of them wish he were treated better, some really love him and one even wishes that he was Strawberry-chan. With all of this love and abuse, will our frog possibly survive the first volume?
